Our goal is to have a donor from every state. Do you know someone who lives in one of the missing states, and who might consider sup-

porting the L-P School Foundation?

If you know someone like that, please tell them about the good things being done by the L-P School Foundation. If you prefer, just send their contact information directly to us, and we will do the rest. Our email address is support@lpschoolfoundation.org.

The 18 missing states include Alaska, Arkansas, Idaho, Louisiana, Maine, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, North Dakota,

Rhode Island, South Dakota, Utah, Vermont, West Virginia, and Wyoming.

In addition to donors from 32 states, we also have one donor from Canada and one from Germany. Until his passing earlier this year, Jim Wright, Class of 1965 and a resident of Mississauga, Canada, made multiple gifts in support of the L-P School Foundation. Finally, a donation was recently made for Juana Gräter, a foreign exchange student here during 2005-2006 who now lives in Göttingen, Germany.

Recap of 2014 Senior Project

The 15th annual Senior Project, organized by the LHS Class of 2014, was called the Tuffy Run. The event was held on Sunday, April 27 at Redbird Stadium, and it included an Extreme Run and a Fun Run. Including donations related to these events, the Class of 2014 has raised over \$7,000 for the L-P School Foundation. Participants and spectators also donated over 250 items to the Helping Hand food pantry.

The Extreme Run was approximately 2 miles long and included six obstacles. A total of 31 runners

competed, and trophies were awarded to the first place finishers in three age divisions. Emma Hinkle won the student division, Andi VanSickle topped the Under Age 40 division, and Brad Porter triumphed in the Over Age 40 division.

Extreme Run participants had to hurdle bales of straw, climb over two large round bales, walk backwards on a balance beam, crawl through a sand pit, complete a tire agility course, and crawl through a 20-foot long culvert pipe.

Establishing an Estate Plan

Did you know that, regardless of your age, you can leave a legacy to support future generations of students in the Loudonville-Perrysville Schools?

All it takes is a simple provision in your will or estate plan. Bequests allow you to retain control of your assets during your lifetime, while also leaving a lasting legacy through the Loudonville-Perrysville School Foundation.

You can choose a gift of a specific dollar amount, or a percentage of what remains after providing for your relatives.

You can also leave the balance of an IRA or 401(k) plan, or you can name the L-P School Foundation as the beneficiary of a life insurance policy.

If you want to learn more about including the L-P School Foundation in your estate plan, just send an email to support@lpschoolfoundation.org and we will be glad to help.

History of Grants Received by the L-P Schools

The history of all grants received by the Loudonville-Perrysville Schools is certainly a good one, as shown by the chart below.

Thanks to our many donors, coupled with two formalized and disciplined policies (Investment and Spending), grants to our schools have increased in all but one year.

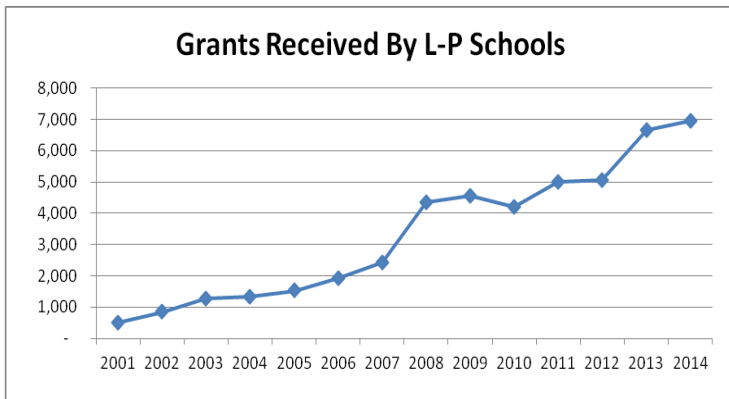

Grants are calculated as 5% of the average fund balance over the prior three years.

As shown in the table to the right, grants have been used in all of the district's buildings.

If you work for a company with a matching gifts program, please let us know. That will help the Foundation achieve its goal of increasing grants even more in the future.

Thank you to all of our donors over the past years!

You make these grants possible!

Donations and Grants During 2014

So far in 2014, the L-P School Foundation has received donations of \$33,381 from 354 donors located in 28 states.

Since its incorporation in 2008, the Foundation has received support from 634 donors.

As a result of these donations, along with the 15 Senior Projects organized every year since 2000, the L-P Schools have received cumulative grants of \$46,564.

These grants have been used for curriculum related supplies, technology, and

improvements to the district's facilities.

The 2014 grant of \$6,959 was used to purchase twelve Kindle Fire eReaders and 100 eBooks. Students will be able to borrow these units from the high school library for use at home or in their classes.

In the picture to the right, District Library Director Julie Seboe watches as students Karli Shriver and Brianna Carr use the new Kindles. According to Mrs. Seboe, all twelve units were checked out by noon on the first day, and two-thirds of the students had never used a Kindle before.
